

HOW TO DISTILL CORE DOMAIN FROM A LEGACY APP

WE HAVE SOME GIFTS FOR YOU

#EDDD

OUR DOMAIN FOR TODAY

OUR DOMAIN FOR TODAY

SEAT RESERVATION OPTIMIZATION

BIZ RULES^(*)

- DO NOT RESERVE MORE THAN 70 PERCENT OF A TRAIN CAPACITY
- ALL SEATS OF A RESERVATION MUST BE IN THE SAME COACH

(*) FROM EMILY BACHE'S TRAIN RESERVATION KATA

SOME WORDS FROM OUR DOMAIN EXPERT

- TRAIN
 - TRAIN ID
 - SEATS
 - COACHES
 - RESERVATION ATTEMPT
 - FULFILLED
- TO BOOK
 - BOOKING REFERENCE
 - RESERVATION
 - RESERVATION FAILURE
 - ...

MANY BOUNDED CONTEXTS...

DEMO!

WE HAVE A PROBLEM...

RECURRENT PENALTIES FROM
THE OPERATOR

MANY BOUNDED CONTEXTS...

BUT BEFORE TOUCHING ANY LEGACY CODE...

AND IF YOU DON'T LIKE TO LIVE DANGEROUSLY...

TEST 1 - SIMPLE RESERVATION

I WANT 3 SEATS

RESULT

```
{"train_id": "9043-2017-06-07", "booking_reference": "75bcd15", "seats": ["1A", "2A", "3A"]}
```

TEST 2 – "70 PERCENT MAX" RULE

I WANT 2 SEATS

CAN'T EXCEED
70 PERCENT OF TRAIN
CAPACITY!

RESULT

```
{"train_id": "1434-2017-06-07", "booking_reference": "", "seats": []}
```

TEST 3 – "ALL SEATS IN THE SAME COACH" RULE

I WANT 2 SEATS

SEPARATED!

BUG!

MANY BOUNDED CONTEXTS...

OUR GOAL FOR TODAY

LET'S FIX THAT BUG!

HOW DO WE START?

WHAT WOULD YOU RECOMMEND?

NEVER REFACTOR A LEGACY CODE
WITHOUT SAFETY NET!

LET'S DIVE INTO THE CODE
